Netherlands – Management of End-of-Life vehicles Decree

Full title: **Management of End-of-Life vehicles Decree**
Decision/ Decree of 24 May 2002 implementing Directive 2000/53/EC of The European Parliament and of The Council of 18 September 2000 on end-of life vehicles (Management of End-of-Life Vehicles Decree)

Relevant Section Section 6: Communication and Reporting; Article 15

Article 15

1. The manufacturer or importer shall send a report to Our Minister by 1st August 2003 and then every year thereafter by 1st August, on the implementation during the previous calendar year of the objectives referred to in paragraph 4 and Articles 3, 8-11, insofar as he was operative in that year as a manufacturer or importer.
2. The report shall contain, in any event, data on:
 - a. the way in which in the design of a new vehicle type, the generation of waste is being controlled (prevented), to the possibility of re-using as a product or material and of [how] recovery of that type of vehicle is pursued (achieved).
 - b. the manner in which End-of-life vehicles are processed.
 - c. the development and improvement of ways to reuse as a product or material and recover end-of life vehicles.
 - d. the percentage of weight of the vehicles made available by the manufacturer or importer to another (vehicle) that are being re-used or recovered as a product or material.
3. Our Minister may lay down rules on how the information referred to in the second paragraph may be included in the report.
4. The manufacturer or importer shall ensure that the information referred to in the second paragraph shall be included in promotional literature used in the sale/ marketing of new vehicles.
